MAKE IN INDIA

Who we are

Our Philosophy

It is our strong desire always to remain in contact contiguously with all our customers. Our directors visit each of these customer personally at lease once a year. This helped us not only to grow but also establish a long term business association and friendship.

Our customers are not just customers but in trues sense they are "Business Partners" who are constant source of inspiration in our progress.

Our quality is superb, the service is excellent and support to our customer is genuine. We offer in general best of everything at very competitive price.

About us

Manufacturers and Exporters of Precision parts | Turned Components | Machined Components | Conduit Fittings & Accessories | Elect. Precision parts | Bars | Tubes & Sections | Brass articles | Pins & Sockets | Fasteners | Auto parts | Customized Components | Sanitary Fitting Parts.

Product Range and Vision

"Maruti" Produces all type of Ferrous and non ferrous Metal Precision parts & Components, Which are manufactured as per prevailing International Standards. In order to satisfy demand of different testing authorities and choosy customers.

Precision parts & Components | Accessories

Maruti Brass Products is also manufacturers literally hundreds of components, parts & Accessories suitable for Electrical Fittings and apparatus. All these parts & Components are strictly as per drawing and specifications. These parts & Components are carefully manufactured with automatic machines in a controlled environment with absolute quality control, These components are ideally suitable for switches, sockets, plugs, switches and control gear Industry and Electrical Energy Meters.

Our Brass Products

Maruti Brass Products is specialized and has been a master craftsman for all products. We have our own integrated manufacturing unit wherein we produce our own Brass Bars, Rods and sections by extrusion method. Our other products include Brass Sanitary Fittings, Precision parts | Turned Components | Machined Components | Conduit Fittings & Accessories | Elect. Precision parts | Bars | Tubes & Sections | Brass articles | Pins & Sockets | Fasteners | Auto parts | Customized Components | Sanitary Fitting Parts etc. Primarily for Brass item where machining is involved, "MARUTI BRASS PRODUCTS" is doing it based on drawing, dimension or samples.

Environment Policy

We are working towards a more green way of packaging our products. such that all our packaging is made of recycled, recycable of reusable material. Our newly designed packaging will carry a note on recycling of packaging materials hence spreading awaarness amont the consumers about the importance of recycling of reusing packaging materials whenever possible.

Health & Safety

The following is a statement of the company's General Health & Safety policy in accordance. Maruti Brass Products understands the need for successful health & Safety management policies. To sustain that commitment we will continually measure monitor and revise where necessary an annual plan to ensure that health and safety standards are adequate.+

Brass Cable Connector

Maruti Brass Products Manufacturing high performance Connectors & Adaptors.

Material : Pin, Phosphorous Bronze, Shell, Insulator - Teflon, Nylon, Derlin, ABS etc. differs as per requirement for specific frequency.

Finish & Coating: Bright Nickel, Silver, Gold Plated etc. available as per customers Requirement.

Key Features: High Performance Connectors & Adaptors with Cord Molding Facility Available.

All type of Brass Cable Connectors can be developed and supplied exactly as per customer specifications.

Maruti Brass Products Manufacturing all kind of electrical components and wiring accessories for many applications. We produce components as per customers requirement which change accordingly customer application.

Material : Free Cutting Brass IS 319 Type (I) or 249 type (I)
High Grade Free Cutting Brass

Threads: Any special Brass Material composition as per requirement.
ISO Metric, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc or as per requirement.

Length/Size: Specification or as per design or requirement.

Finish & Coating: Natural, Nickel plated, Tin plated or any coating as per customer specification.

All type of Brass Electrical Components can be developed and supplied exactly as per customer specifications.

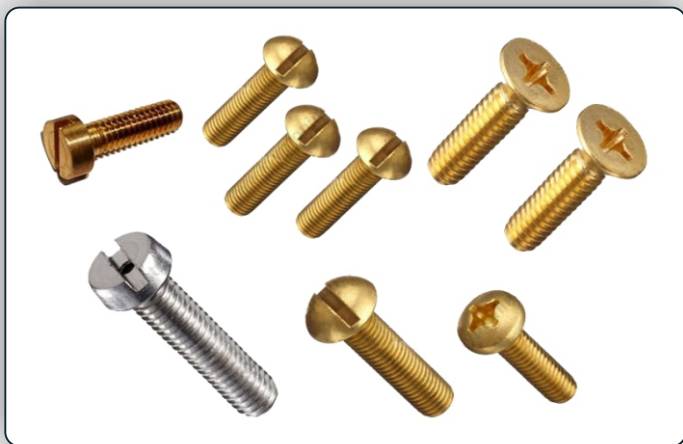

Maruti Brass Products Manufacturing all kind of Fasteners and accessories for many applications. We produce Fasteners as per customers requirement which change accordingly customer application.

Material : Free Cutting Brass IS 319 Type (I) or 249 type (I)
High Grade Free Cutting Brass
Any special Brass Material composition as per requirement.

Threads: ISO Metric, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc or as per requirement.

Length/Size: Begins from M2 or equivalent threads up to any sizes or as per requirement.

Finish & Coating: Natural, Nickel plated, Tin plated or any coating as per customer specification.

All type of Fasteners & Accessories can be developed and supplied exactly as per customer specifications.

Maturi Brass Industries is considered to lead in manufacturing various pipe fittings and inserts. We are the leading supplier of inserts/adaptors and fittings to various manufacturers of UPVC, CPVC, and PPR pipe fittings. We are completely particular on the type of brass male inserts for CPVC and UPVC fittings, and brass female inserts for CPVC and UPVC fittings with S.S. Ferrule and EPDM rubber ring.

Type of Insert: 1. Brass Male Inserts for CPVC & UPVC Fittings
2. Brass Female Inserts for CPVC & UPVC Fittings.

Finish & Coating: Natural Finish, Nickel Plated, Chrome Plated

Sizes: 3/8" , 1/2" , 3/4" , 1" , 1.1/4" , 1.1/2" , 2" , 1.1/2" , 3" , 4" , 5"

Material Specification: CW614N (CuZn39Pb3), CW617N (CuZn40Pb2), CW602N(CuZn36Pb2As), CW511L (CuZn38As), Cuphin (CuZn21Si3P), No-Lead manufacturing also available.

All type of Brass Inserts can be developed as per customer drawing or requirements.

Embrace the reliability of our Brass Inserts, which have been manufactured with precision. Our product list includes Brass Moulding Inserts, Brass Insert Nuts, Brass Inserts, Brass Wood Insert, and Brass Helical Insert Nut. These Brass Inserts have unparalleled advantages and features that make them a perfect choice for your application needs.

Our Brass Inserts are featured as a hot deal that you should not miss out on. When you buy our Brass Inserts, you can expect magnificent quality and durability that will exceed your expectations. Our Brass Inserts are designed to withstand harsh environments and provide a secure and long-lasting connection.

Our Brass Inserts have a wide range of applications, including in the automotive, electrical, and plumbing industries. They are also used in furniture and woodworking applications.

We have a supply ability in the domestic market of All India and are exporters to Africa, Asia, Australia, Central America, Middle East, North America, South America, and Western Europe.

All type of Brass Inserts can be developed as per customer drawing or requirements.

MARUTI BRASS PRODUCTS is offering a hi-quality collection of Brass Sheet Metal Components in the market. Finding the application of customer for industries like automobile, electric, hardware and plastic. We are manufacturing and export sheet metal components as per requirement. We make sure that our sheet metal parts are tested and checked in every stage of production process and to five high quality standard product.

All type of Brass Inserts can be developed as per customer drawing or requirements.

Range of Sheet Metal components

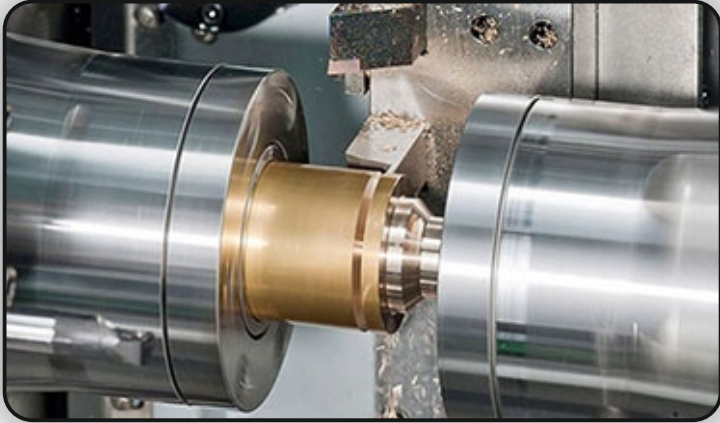

- Earth Tag
- Washer
- Bracketed
- Electric Supply Tag
- Sheet Metal Clamps

Types of Raw Material

- Brass Sheet
- Galvanize Sheet
- Copper
- SS
- MS
- other raw material graders are available as per requirement.

Maruti Brass Products is a leading CNC Machining Parts Manufacturer and exporter with ISO9001 :2015 certification, whether you are looking for brass precision turned components, brass turning-milling parts, small brass parts, CNC turning brass parts, brass machined parts and other types accessories, dajinprecision.com is the right place you come.

We are capable to manufacture simple or complex brass CNC parts meet your demands and focus on the highest quality standards in the possible shortest time with reliable operators, sophisticated machinery and equipment at our disposal. We still working on CNC turning copper parts, bronze machined parts, Non-Standard brass machined components, and

CNC lathe machined brass parts machining services for further development on domestic and foreign markets.

Our Brass CNC turned parts production apply high-quality brass and complete technology system based on your drawing and printing, CNC turning service from materials selection, production, surface treatment to testing and last packaging to make sure its long service life and users satisfaction.

Our custom CNC turning brass parts and brass machining parts have earned high appreciation and a great reputation among the global clients with its remarkable features.

Supply Range/Types of Our CNC Turning Brass Parts

- Brass CNC Turned Components
- Brass Screw, Nuts, Threads
- Brass Connector Pins
- Brass Fasteners
- Brass Gas Fittings
- Brass Inserts
- Brass Mechanical Parts
- Brass Military Components

- Brass Hunting & Fishing Components
- Brass Aerospace Components
- Brass Medical Instrument Parts
- Brass Automobile Parts/Components
- Brass Electrical Components
- Other Custom Brass Turned Parts
- Copper CNC Turning/Machining Parts
- Bronze CNC Turning/Machining Parts

Benefits of Our Brass CNC Turning Parts

- High standard dimensional accuracy, +/-0.001" – 0.005" tolerance
- Sturdy construction and heavy tensile strength
- A relatively tight seal compared to other materials
- High heat and corrosion resistance, rustproof and more premium properties
- Cost control based on a series of operations to ensure cost-effective product
- Extremely durable and long service life
- Low weight and easy to take or install
- Highly flexible and low friction coefficient
- Reliable supply and backup inventories to meet fluctuated demands
- Strict quality inspection and extensive quality assurance
- On time delivery and constant support from trained staff

Applications of Our Brass CNC Turned Parts

Precision brass lathe parts usually own multiple CNC machining applications and applicable for industries like medical and pharmaceutical, automobile, military, hunting, plumbing and more, machined brass fittings are often applied in electronic hardware, precision brass CNC turning parts can also be used in home appliances, engineering, plumbing, and steam work.

Brass Bed Parts

Brass based bed parts are available in custom and standard designs. It has a flawless finish, high durability and reliable constructions.

Brass Bearing

Brass Bearing provides extreme strength and durability for high-temperature applications. These are used to support rotors, gears, etc...

Brass Bushings

Custom Brass Bushings offer outstanding rust-free characteristics. In addition, these also offer frictionless, high strength and hardness properties.

Brass Coupler

The Brass Coupler is also called a brass pipe fittings. It used for transferring flammable gases, chemicals, water, etc. they come in custom thread sizes and dimension as requirement.

Brass CNC Turned Parts

Brass CNC Turned parts are made with a high tolerance level and durability. These products are varied sizes, dimensions, and other specifications. It has a natural clean finish and coating.

Brass Turned Parts

Brass Turned parts are made from different brass grades We can do Zind Plating, Powder coating, chrome plating etc. surface treatment to brass turned parts

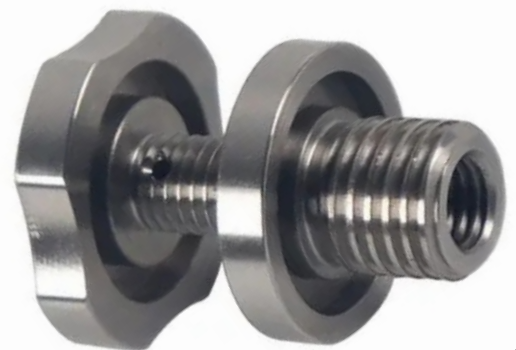

Aluminum Turned Parts

The Aluminum turned parts are known for durability, design accuracy & dimensional stability. It is made from tough stainless steel for longer service.

Precision Turning parts

The Precision Turned parts has a robust design, dimensional accuracy with simple installation. It can be found in computer technology, military aerospace applications, food and beverage processing equipments etc....

Maruti Brass Products is one of the leading Manufacturers and exporters of all kind of Precision parts and components. Our other products include Brass Sanitary Fittings, Precision parts & Components | Tubes & Sections | Brass Articles | Pins & Sockets | Fasteners | Auto Parts | Customized Components | Sanitary Fitting parts etc. Primarily for Brass item where machining is involved, “Maruti Brass Products” is doing it based on drawings, dimensions or samples.
